

## **Leasing Details**

YES Disability Resource Centre has several office spaces for rent.

We have a large ground-floor office space ideal for 8 to 16 people. This floor plan has a manager's office along with a small and large storage room. It is next to the front entrance and is by car parking.

There is also one other office for lease on the 2nd floor. This office is ideal for 3 to 4 people. This space has a natural light.

All of the spaces that are for rent are in a great location. We are close to a large mall, suburbs, and the motorway. The building has a manned and serviced shared reception facility. Everyone has access to a shared lunchroom and kitchen. There are options for staff car parking. Also, the building maintenance is taken care of. These offices are unique opportunities to join a cohesive, like-minded collection of professionals.

If you are interested in any of the areas for lease, please call us at 09 414 5360 and ask to speak with Tanya!
